To All Concerned:

The following is a letter of recommendation for Mecco-Henne Contracting Inc. to provide Construction Services, on municipal infrastructure projects.

I have worked with Mecco-Henne Contracting Inc. on capital improvement projects since I have been employed with the City of Lincoln. To date, their work has been superb. We at the City of Lincoln have had positive results working with them. Their teams have good documentation, communication, and work ethics and they poses many other qualities which make them an asset. They continue to make quality improvements to our City of Lincoln and Private Construction projects within the surrounding area.

I would recommend Mecco-Henne Contracting Inc. for any needed, major or minor construction and infrastructure work. If there is a need for any other information or if anyone has questions regarding this recommendation please contact me at (402) 416-7486 or gmasek@lincoln.ne.gov .

Sincerely,

Gaylon Masek
