To whom it may concern:

I am honored to write this letter of recommendation on behalf of Meco-Henne Contracting. My position as Director of Facilities at Mount Michael has afforded me the opportunity to work with Meco-Henne Contracting as the owner's representative on all major construction projects at Mount Michael. Meco-Henne Contracting has been the General Contractor on four separate projects totaling over \$12,000,000 dollars' worth of work. In all cases, they have provided expertise in value engineering and have been a great team member in making the schedules and budgets work for Mount Michael. All four projects have been done on schedule and within budget while providing a great team working atmosphere. Meco-Henne Contracting has just completed the new D.J. Sokol Learning for Life Building valued at \$8,000,000. This project has stayed on schedule and budget and Meco-Henne Contracting has provided a quality facility that we can all be proud of.

It is with great confidence that I highly recommend Meco-Henne Contracting as a qualified, team orientated, construction partner. They will diligently work to keep the project quality, schedule, and the owner's best interest in mind from beginning to end of the project.

If you have any questions regarding Meco-Henne Contracting, please call me.

Sincerely,

Jim Lewis
